

PULAR BEAR AFFAIR

TUESDAY, FEBRUARY 27, 2018

Four Seasons Hotel, Toronto

A fresh new gala to raise funds for polar bear conservation

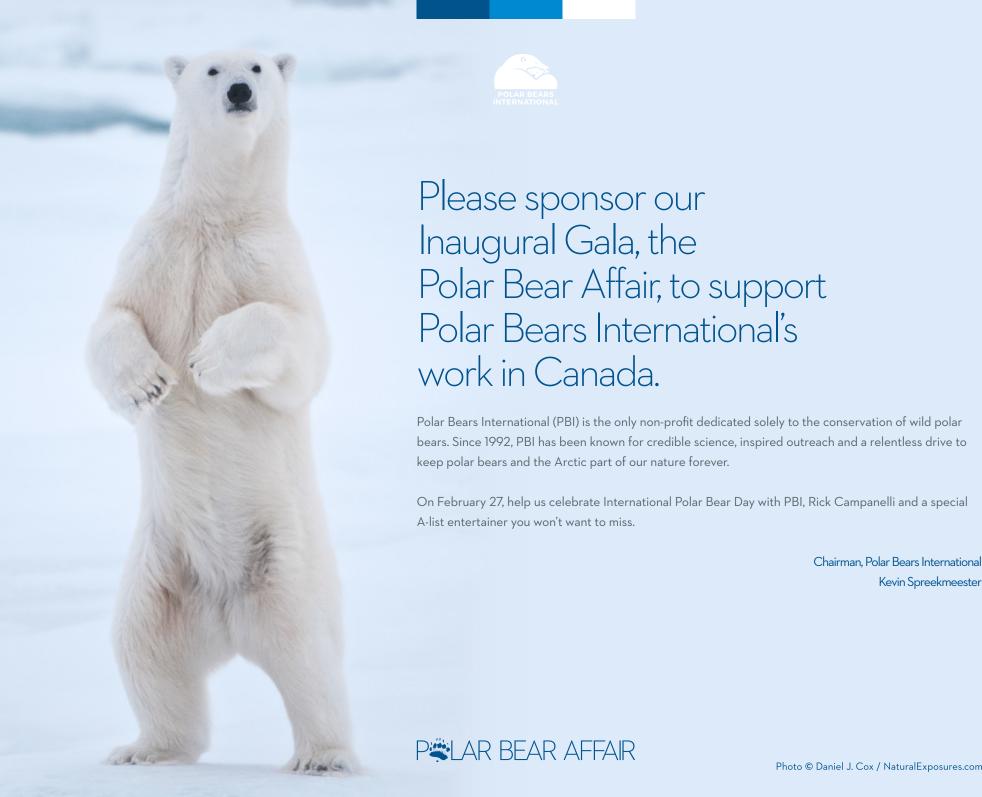

WITHOUT ACTION, WE WILL SIMPLY BECOME POLAR BEAR HISTORIANS. WE CAN'T LET THAT HAPPEN— AND WITH YOUR SUPPORT, WE WON'T.

Dr. Steve Amstrup Chief Scientist, Polar Bears International

Kevin Spreekmeester

THE CAUSE

A lone polar bear lumbering across the ice is the very symbol of the wild Arctic.
Built for the cold and a high-fat diet, these bears are perfectly adapted to a life hunting seals on Arctic sea ice.

With two thirds of the world's polar bears in Canada, it's hard to imagine a world without them. Unfortunately, these formidable animals are powerless against climate change. In a warming world, the Arctic sea ice that they depend on is vanishing.

Will the polar bear vanish as well? Not with polar bear champions like you...
